The MicroGel™ Advantage

This advanced hand cleaning technology adheres better to your hands making Fast Orange® a more efficient cleaner — requiring less product to do the job right! Fast Orange® with MicroGel™ has the same great fast cleaning power, feels smoother on hands, and is even better for the environment. It contains no harsh chemicals, petroleum solvents, mineral oils or ammonia that can sting cuts or abrasions and is fortified with aloe, lanolin, and other premium skin conditioners to soothe and protect raw, rough hands. Pure, fresh-smelling natural citrus Fast Orange® is available in lotion or cream formula *(for those who prefer a thicker consistency hand cleaner)*.

Fast Orange® Dry Skin Pumice Hand Cleaner — Developed specifically for professional automotive technicians to help reduce the symptoms of dry, cracked skin. This enhanced formula has a unique polymeric skin conditioning system that leaves hands feeling smoother, while quickly and gently deep cleaning the toughest dirt.

Fast Orange® Hand Cleaner Products remove resins, oil, grease, tar, grime, soil, printers' ink, epoxies, paint, rubber cement, gasket and tile cements. It also works great on laundry stains, scuff marks, tile floors, pet odors and many other household cleaning needs.
